Hi Jason. Good to hear from you and thank you for the additional information. I wanted to make sure you knew about the [Frequently Asked Questions](#) section on our Bristol Bay website as a few of the questions & answers there directly relate to your request. Also, the [fact sheet](#) that Region 10 developed for the Proposed Determination is posted on the website and includes a little more of the history of Region 10's decision making leading up to the Section 404(c) review. You may find these useful. In addition, many documents filed with the courts are available publically so you may want to look into that.

If those resources still don't provide what you are looking for, please send us some good days and times for you to discuss and we will get something on the calendar.

Thank you,

Margo Young

Hi Margo,

I'm interested in gaining insight into how the EPA came to its decision to invoke Section 404(c) of the Clean Water Act to place restrictions on development in the Bristol Bay watershed before a formal proposal to develop the mine was submitted by Pebble Limited Partnership and Northern Dynasty. If available, I am also interested in any available documents you may have concerning pending litigation by PLP and the State of Alaska.

I would love to set up a time to talk if you have further questions about my request. I look forward to hearing back from you.

Sincerely,

Jason Barney

Subject: Question regarding FOIA Request: EPA-R10-2015-000412

Hello Mr. Barney,

I am writing to let you know that we are in receipt of your FOIA request, EPA-R10-2015-000412. I left you a voicemail on Friday, October 24, but I wanted to follow up with an email in case you didn't get my call. I have a few questions related to your response. Could you please call me at your convenience?

Thank you so much.
